## Why Philips is the best

### Silk Protect Technology

Plates smoother than silk gently glide through hair with optimized temperature, minimizing friction & preventing any chance of heat overexposure

### Kerashine Technology

The plates are enriched with keratin, providing a visible gloss & shine to the hair along with enhanced protection

### Titanium Infused Plates

The plates are infused with titanium ensuring faster heat transfer, resulting in perfect straightening performance even on the curliest of hair

### Ionic conditioning

Negatively charged ions eliminate the static present in hair, giving a smooth, neat & frizz free look

**2 years  
international  
warranty**
